### What our clients say

Our experience with the Design house was amazing. You took the job on at short notice and you worked around our schedule without compromising the design. All we did was to give you the inspiration and the team just ran with the idea and created an amazing apartment that we keep getting compliments for  
James

The Design house and him team are extremely talented and it is always a pleasure to work with them. We've purchased 3 pieces of furniture designed by them that not only look great, they are very comfortable to sit in. My favourite chair is the Bernie which sits proudly in my home theatre!  
Isabel

I am sitting in the backyard having a cup of coffee with Linda and thinking of how much better the new fence looks painted the same color as the studio. I always thought the white looked okay, but now realized how wrong I was. The two of us just decided that you have made such a positive difference in the appearance of our home, inside and outside. I thought I would take a minute and share those thoughts with you. Many thanks to the \design house team for such a beautiful and professional touch. You sure do make a big difference.
